

Women

From Forty-Five to Fifty Are Much Benefited
by
Lydia E. Pinkham's Vegetable Compound.

The "change of life" is a most critical period in a woman's existence, and the anxiety felt by women as it draws near is not without reason.

When her system is in a deranged condition, she may be predisposed to apoplexy, or congestion of some organ. At this time, also, cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

These symptoms are calls from nature for help. The nerves are crying out for assistance and the cry should be heeded in time.

Lydia E. Pinkham's Vegetable Compound is prepared to meet the needs of women's system at this trying period of her life. It invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried many women safely through this crisis.

Mrs. Estella Gillispie

ONE CASE OUT OF MANY TO PROVE OUR CLAIMS.

St. Anne, Ill.—"I was passing through the change of life and I was a perfect wreck from female troubles. I had a displacement and bearing down pains, weak fainting spells, dizziness, then numb and cold feelings. Sometimes my feet and limbs were swollen. I was irregular and had so much backache and headache, was nervous, irritable and was despondent. Sometimes my appetite was good but more often it was not. My kidneys troubled me at times and I could walk only a short distance.

"I saw your advertisement in a paper and took Lydia E. Pinkham's Vegetable Compound, and I was helped from the first. At the end of two months the swelling had gone down, I was relieved of pain, and could walk with ease. I continued with the medicine and now I do almost all my housework. I know your medicine has saved me from the grave and I am willing for you to publish anything I write to you, for the good of others."—Mrs. ESTELLA GILLISPIE, R.F.D. No. 4, Box 34, St. Anne, Illinois.

DEATH CALLS NEW RESIDENT

W. H. Dodge, for Years an Annual Visitor and Who Recently Came Here to Live, Succumbed to Pneumonia.

W. H. Dodge died Tuesday night at his home 717 North First street, after a brief illness of pneumonia. The body was taken on last night's Santa Fe train, under escort of the relatives of the deceased, for interment in the former home in Waukegan, Ill., a suburb of Chicago.

The death of Mr. Dodge came as a great surprise to many of his friends who had not even learned of his illness. He was apparently enjoying the best of health until a few days ago when he took a severe cold which rapidly developed into pneumonia. He was 54 years old and a widower, though he is survived by two daughters, Miss Grace Dodge and Mrs. W. B. Page, who with Mr. Page have accompanied the body east.

Mr. Dodge first came to this valley about ten years ago on a winter visit and was so well pleased with the climate he has been coming back almost every winter. Last winter he bought a ranch of the Bartlett Heard company south of the river and when he came back this winter it was with the full intention of making this the family home. He was accompanied by his daughters and son-in-law, Mr. Page, who has also invested in a ranch near that of Mr. Dodge. Mr. Dodge has been engaged very successfully in the retail hardware business in Waukegan until recent years when he retired from business. Mr. Page was formerly in the brokerage business in Chicago, but both he and Mr. Dodge had decided to try ranching in the Salt River valley. They were living in town, pending the erection of residences on their ranches.

A son of Mr. Dodge was at one time employed in the Phoenix National bank, died here about nine years ago. The father and mother of Mr. Page are also winter visitors in the city, the former being a member of the Chicago board of trade.

PROGRESSIVES READY TO SUPPORT TAFT

fundamental principles, but we believe that the welfare of the United States will be best promoted by adherence to the policies of the party under which the country has always prospered.

"California, at least, has much to gain from the policies of the republican party, and has cause for deep gratitude to President Taft, who is the best friend this state has ever had in that office.

"We condemn the unfair criticisms of Mr. Taft and his administration, which have sprung from unjust prejudice and a sensational political tendency.

"We believe that the probability of his election is stronger than that of any other candidate.

"We request all citizens of California to join the campaign for the nomination of President Taft.

"A meeting of progressive republicans will be held on Tuesday, March 5, 1912, at 2 o'clock p. m., at the Palace hotel in San Francisco, Cal., to organize a campaign for the nomination of William H. Taft as the republican candidate for president. All republicans who favor the progressive policies of Mr. Taft are invited to attend and participate in the organization.

SAN FRANCISCO, Feb. 28.—Among the strongest supporters of President Taft in California are the women of San Francisco. A feeling has developed during the last few days, largely due to the activities of the social and civic organizations, that they must take an active part in solving the political questions as well as the purely sociologic ones. The tide is going almost solidly for Taft, and will crystallize on the afternoon of March 4, when several hundred women, at the call of Mrs. Abbe E. Krebs, will meet at the Palace hotel and form a woman's republican club.

Mrs. Krebs is an ardent supporter of President Taft herself, and has taken up the work of organization of the club at the solicitation of a number of other women who want to unite in an effort to bring about the re-nomination of Taft. She is a member of the California club, member of the executive committee of the Federated Women's clubs, member of the Channing auxiliary, and member of the Women's Press association, of which latter she was twice president.

NEW ORLEANS, Feb. 28.—"Colonel Roosevelt is too radical," declared Governor J. N. Gillette of California, en route home. "His advocacy for the people to review decisions of the highest court of the land is the craziest proposition I ever heard of. It is anarchy."

HAYDEN EXCURSION

WILL BE MARCH 14

Price of Tickets Not Definitely Known But Will Probably Be \$6.50.

March 14 was determined upon yesterday as the date of the Capital Special excursion to Hayden. The date falls on Thursday, and the start will be made at 8 o'clock in the morning, giving ample time for a visit to the interesting places and the return to Phoenix by 7 o'clock in the evening.

This decision was reached by a special committee having the excursion in hand, at a meeting in the board of trade room. Among other things, it was voted to invite Governor Hunt to be the guest of the business

men during the trip.

A special committee was named to enlist the enthusiasm of Phoenix business men and secure their patronage of the excursion, the committee consisting of Cyril Gilbert, chairman, H. A. Diehl, E. W. Collins, Sidney Goldman, L. Garesche and George Gunn.

It is planned to give the excursionists an opportunity to not only visit Hayden, but make the side trip to Ray, which is just as interesting a place. Cards giving the names of those going on the excursion will be published and special slogans and songs will be prepared.

A. R. Gatter has been asked to submit at once an exact estimate of the cost of the trip and to secure a full equipment of Pullman cars and observation car. It is assumed with present information that the price of tickets will be \$6.50, providing there are 100 excursionists. Reservations

can be made at the office of the Southern Pacific, the board of trade, or with any member of the committee. The trip will be one that every resident would enjoy and every business man should regard as worth making, whether he enjoys it or not.

AN ADVANCE PAYMENT. Houston Post: You have noticed, we suppose, that the men who conserve themselves to the point of generally demand an office as a starter.

AN ODD DISPROPORTION. Minneapolis Journal: With the admission of Arizona and New Mexico the Democrats have twenty-nine governors out of forty-eight. The curious thing is that only seven of them are candidates for the presidency.

HIGH TRAIT OF CHARACTER. Titcomb Ledger: President Taft's trust in those who are serving under him is admirable. Certainly it is a higher trait of character to believe in men than to adopt the idea that all men are liars.

NOT AVAILABLE NOW. Pittsburg Gazette-Times: From his latest speech it is apparent that Woodrow Wilson wouldn't mind a bit having the support of Jefferson and Jackson, but unfortunately they're not in a position to assist.

STANDING WITH MARYLAND. Baltimore American: The South stands with Maryland as against the settling aside of the time-honored and basic doctrine of no third term in the presidential office.

LYNCH SAYS HE IS MAN OF THE HOUR

Plunges Into Fight With Renewed Vigor—Split Likely to Mar Democratic Harmony.

Since The Republican announced the other day that Sam Bradner, the Benson heir apparent for the speakership throne, was likely to be elected, that gentleman's opponent, A. R. Lynch, of Solomonville, has been galvanized into a seething crater of denials, forecasts, and prognostications.

Lynch does not believe it is so. He has admitted as much to several friends in Maricopa county and elsewhere, and to back up his claims has evolved a set of statistics establishing the fact to the entire satisfaction of Lynch, that Bradner will be at least fifteen votes shy when the returns are in.

A man who returned from the seat of the disturbance yesterday, but who modestly declines to let his name be handed down to posterity, says that Lynch is not conceding anything except Yuma county, and that he is by no means sure that Bradner will romp away with the Yuma delegation even if Mulford Windsor does come from the place of torrid weather and the big siphon.

Lynch thinks that the booming of Bradner is an administration plot and therein contained is the first indication of the house divided against itself; for it is now apparent to everyone "in the know" that there is to be an administration and an anti-administration faction in the house and senate—the old story again of the "outers" wanting "in," and the "inners" desiring to stay put.

Lynch is said by the returned traveler to have a complete deck of cards containing the usual number of aces concealed in his sleeve, and that these cards plainly show that Sam Bradner, and the governor and the administration forces are to meet a dark man and a lot of trouble.

Yavapai is "his'n" according to the Graham man, while Mohave and Navajo are tied up, labelled and put

away ready to be voted when the proper time comes. Cochise and Maricopa, the two big ones, are being counted in the Lynch column, and the optimistic sage of Solomonville wouldn't be a bit surprised if he took Bradner's home delegation away from him.

When these modest compilations are presented to the Bradner cohorts, they emit guttural sounds which being interpreted are found to be "Ha! Ha!" deliver into the mysteries of the game conceives the opinion that the Bradner cohorts don't believe it, and they even find a sort of grim humor in the mathematical deductions.

In the meantime the Maricopa lads are saying nothing, but the wood pile is steadily diminishing and we shall see what we shall see.

AUTOMOBILE TRIP FOR VISITING PARTY

Excursion to the Ostrich Farm in Noiseless Automobile.

Col. D. C. Jackling, the president of the Ray Consolidated Mines Co., Mr. and Mrs. Judges and F. G. Janney, of Salt Lake City; David Cole and L. H. Chalmers, yesterday enjoyed a fine automobile ride over the west end of the valley, with the Pan American ostrich farm as the objective point. The day was pleasant and the trip a splendid one, being the first that some of the party had taken in that part of the valley.

The trip was planned and executed by J. C. Adams, who used for the purpose, his new Columbia car, which is equipped with a silent Knight engine. This is the first car received in Phoenix which has the new silent engine and it is not only a novelty but a device much to be desired.

BOARD OF REGENTS IS NOW COMPLETE

Three Members Were Appointed Yesterday By Governor Hunt.

Governor Hunt yesterday completed the formation of the new administration's board of regents of the state university, by the appointment of Frank H. Hereford, Rev. Logan W. Wheatley and Dr. L. D. Ricketts. The other member is the chancellor, Albert L. Waters, whose appointment was announced several days ago.

Mr. Hereford is a well known attorney of Tucson and Rev. Mr. Wheatley is also a resident of Tucson. Dr. L. D. Ricketts lives in Globe and is one of the best known mining engineers in the country. He is connected with the exploitation of the Inspiration mines in that district and has wide fame as a copper expert, having reorganized the Cananea company some time ago.

C. O. Case territorial superintendent of public instruction is a member of the board by virtue of his office,
